### All Cosmos Bio-Tech Holding Corporation. Business Report 2025

As the world's second-largest palm oil producer, Malaysia's palm oil production is projected to reach approximately 20 million metric tons by 2025, driven by improved harvesting efficiency, sufficient labor force, optimized fertilizer application, and a large number of oil palm plantations reaching maturity. The average CPO (crude palm oil) price is between 4100 to 4300 MYR per metric ton. In the mean time, as ESG principles gradually permeate the supply chain, the main influencing factors in the oil palm market have expanded from the traditional relationship between production and price to include fertilizers and carbon emissions, and further promote the sustainable development of the industry through green fertilization models.

As a pioneer of bio-chemical fertilizer in Malaysia, fertilizers provided by the company have soil-improving and slow-release effects, which can reduce nutrient loss, ensure that nutrients remain in the root system, help plantations increase fruit yield, and increase unit yield. While continuously deepening its presence in the oil palm industry, the company has also successfully expanded into the health food business in recent years, based on its core microbial technology, and has maintained stable double-digit growth in performance. The cumulative revenue for 2025 is NT\$2,949,023 thousand.

#### 1. 2025 Operation Results

##### 1.1 Business plan implementation results

Unit: NT\$ in Thousand ; %

Net Profit For The Year	152,999	128,588	24,411	18.98

Leveraging long-standing customer relationships, the company secures long-term profits from large plantations through bidding pricing and flexible pricing in the smallholder market. Revenue in 2025 increased significantly by 15.71% compared to 2024, this was not only due to the rigid demand in the Malaysian palm oil market, but also because the global ESG trend has driven the transformation of green agriculture, increasing the demand for the company's bio-fertilizers from both new and existing customers. In 2025, the company not only expanded its revenue but also achieved significant optimization in its business structure and product portfolio, the company's profit in 2025 is NT\$152,999 thousand.

### 1.3 Development Strategy

The Indonesian plant successfully obtained its sales license in 2025, marking the company's official entry into the world's largest palm oil market in terms of planting area and output. It is expected to contribute revenue starting in 2026, realizing localized production capacity and injecting revenue momentum into the company.

In terms of diversified development, the company is also actively promoting the health industry as a second growth curve, and the health food business, which has been cultivated for a long time, has achieved growth in both sales and reputation. In addition, the company continues to develop its circular economy business, focusing on high-value utilization of the entire oil palm plantation and promoting the technology of converting oil palm materials into sugars, thereby strengthening the company's sustainable competitiveness and creating new sources of revenue.

### 1.4 Impacts of competition, regulation and overall economic environment

The company keeps up with the pulse of the industry and makes long-term plans for product development, customer relations and marketing management to enhance competitiveness and reduce the impact of the external competitive environment, and always pay attention to important domestic and foreign policies and legal changes. There were no changes in policies or laws that significantly affected the company's financial operations in recent years. Overall, the company is committed to the business fields it has been cultivating for a long time, continues to pursue quality improvement and expansion of applications, and carefully diversifies its business layout to reduce the impact of changes in the competitive environment, regulatory environment and the overall operating environment.

## 2. 2026 Operation Plan Summary:

Leveraging its strong customer relationships and successful tenders in the Malaysian market, the Company maintains steady shipment momentum. Coupled with the global emphasis on sustainability and carbon neutrality, our product mix will accelerate its shift towards high-value-added compound fertilizers. Building on its success in Malaysia, the Company will actively expand into the Indonesian market, achieving dual growth in regional production capacity and market share.

The company has 20 years deep cultivation in the Malaysian biochemical fertilizer market, has more than 600 kinds of microbial strains and is the pioneer in the global bio-compound fertilizer industry. As global awareness on sustainable agriculture, improvement of soil degradation and ecological problems arise, the company's advanced technology can help to improve and maintain the environment moving towards the goal of green agriculture. Through continuous efforts to improve, research and development, we lay a solid foundation for future growth.

Looking to the future, we will continue to be the driving force for agricultural transformation in Malaysia and Indonesia and will focus on three main drivers: expanding production capacity in Indonesia, selling ESG products, and expanding into the health and wellness market. We hope that we can show our business results to our shareholders with our peers' efforts and our dedication. We commit to the spirit of continuous improvement and would like to thank our partners, shareholders and hardworking staffs for your long-standing support. Thank you for allowing me to express my sincere gratitude here!

## **INDEPENDENT AUDITORS' REPORT**

The Board of Directors and Shareholders  
All Cosmos Bio-Tech Holding Corporation

### **Opinion**

We have audited the accompanying consolidated financial statements of All Cosmos Bio-Tech Holding Corporation (the "Company") and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the "consolidated financial statements").

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters identified in the Group's consolidated financial statements for the year ended December 31, 2025 are stated as follows:

#### Occurrence of Sales Revenue from Major Customers

The Group primarily focuses on the sale of bioorganic and biochemical compound fertilizers. Considering the higher inherent risk in revenue recognition and its significant impact on the Group's financial statements for major customers whose transaction amounts have significantly increased compared to the same period last year, we identified the occurrence of sales revenue from the aforementioned major customers as the key audit matter.

Refer to Notes 4 (n) and 24 to the consolidated financial statements for details on the accounting policy and relevant disclosures on revenue recognition.

The main audit procedures that we performed in respect of sales revenue from major customers included the following:

1. We obtained an understanding of the Group's internal control and operating procedures of the sales cycle, and we designed the corresponding audit procedures and tested the effectiveness of the internal controls associated with the risk mentioned above.
2. We performed substantive tests on sales revenue, selected samples from the general ledger of sales revenue, and checked the records against external supporting documents and documents of receivables to verify the occurrence of sales.

#### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

## **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2025 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Cheng-Chuan Yu and Sheng-Tai Liang.
